ORGANIZER:

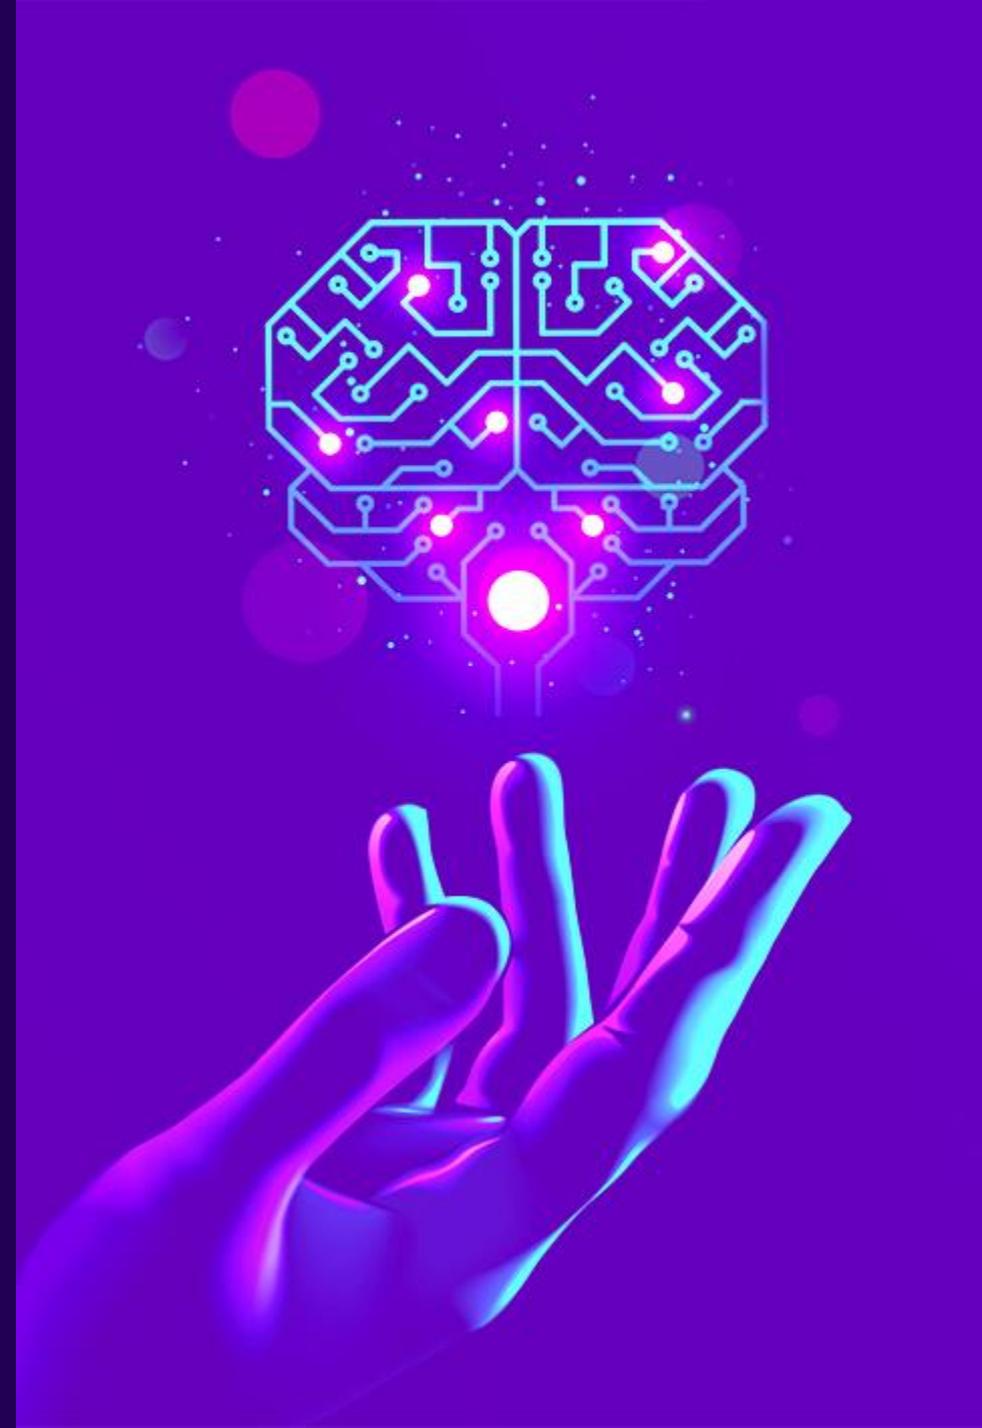

SUMMIT THEME: AI IN BUSINESS

- The theme for 10th Pakistan CIO Summit 2024 is '**AI in Business**'. The rapid advancement in AI technologies has changed every aspect of life today and sometime the future seems scary. It feels that we are already in the future that was predicted in Hollywood blockbusters such as Back to the Future and Terminator. But with there is more of course! Not only that artificial intelligence is the prime technology of interest at the moment but at the same time we see all technologies converging to bring the best for us.
- 10th Pakistan CIO Summit 2024 will focus on how artificial intelligence will shape the way business operate. How AI in the near future would transform manufacturing, human resource, marketing, sales and customer services. And, most importantly, what we need to do to prepare for it!

WHAT IS NEW?

- As we are celebrating the 10th edition of the Summit, the event has been redesigned to be all inclusive everything in IT in Pakistan and also its span has been spread around the globe
- So, we have 5 major programs in Pakistan as follows:
 - 10th Pakistan CIO Summit 2024
 - Pakistan CISO Summit 2024
 - 9 Skill Development Programs
 - Product Presentations
 - Focused Seminars
- Also Pakistan CIO Summit is being organized along with Indus CIO Summit in Dubai.

INDUS CIO SUMMIT

- Indus CIO Summit is a distributed event model which means CIOs, IT Heads, experts, academics, professionals, solutions providers and decision makers get together to collaborate, share and network from around the globe on one topic with physical event happening closer to their homes, thus, meeting with minimum of cost, efforts and carbon foot print
